OFFICE OF LIBRARY DEVELOPMENT
AND SERVICES
MINNESOTA DEPARTMENT OF EDUCATION

Services of the Office of Library Development and Services

(Formerly Office of Public Libraries and Interlibrary Cooperation)

The Office of Library Development and Services offers consultant, advisory and guidance services to librarians, library boards, public officials, and citizen groups interested in libraries and library development. The staff also administers the Minnesota program for public library development and multi-county multi-type library cooperating with state and federal funds appropriated for these purposes.

The Minnesota Library for the Blind and Physically Handicapped, located in Fairbault and serving eligible users throughout the state, is part of the office, as is the Interagency Resource and Information Center, located in St. Paul and serving staff in six government agencies.

Inquiries concerning services and programs should be directed to Director, Library Development and Services, 440 Capitol Square, 550 Cedar Street, St. Paul, MN 55101.

Minnesota Public Library Statistics 1985

Introduction by William G. Asp

Each year, pursuant to Minnesota Statutes 134.31, Subdivision 4, the Office of Library Development and Services collects and reports statistics on public library services in the state. Public library statistics for the library fiscal year ending during the calendar year 1985 are reported in this issue of Minnesota Libraries. In most cases, the library fiscal year coincides with the calendar year, and in all cases are comparable with those published annually for more than eighty years.

Annual report forms were distributed in January, 1986, to all Minnesota public libraries. Information reported in this publication is the information supplied by each library.

For the second year, LDS contracted with the Minnesota State Planning Agency Land Management Information Center (LMIC) for computing services for tabulation of the data. Data was entered by LDS staff using remote terminals at LDS.

The LMIC system enables LDS staff to quickly and conveniently prepare tabulations of large amounts of data. Space limitations prohibit publication of all available data. Specific tabulations and comparative data may be requested from Jan Feye-Stukas at LDS.

Persons noting errors in an entry are requested to report the errors to Jan Feye-Stukas.

The Population Served

At the end of 1985, the number of Minnesotans served by tax-supported public libraries was 3,970,432, or 97.4% of the state's population. Of the population with public library service, 98.1% are served by libraries participating in regional public library systems.

Countywide library service began in Clearwater County, operated by the Lake Agassiz Regional Library, and the Bagley Public Library became a branch of LARL. Countywide library service also began in Swift County, operated by the Pioneerland Library System. Libraries in Appleton and Benson had joined Pioneerland several years ago.

There are 337 staffed public library buildings in Minnesota, 4 more than in 1984. East Central Regional Library opened its Mille Lacs Lake Branch in Isle; Anoka County library opened a branch in Johnsville; a library was formed in Hector which joined the Pioneerland Library System, and a library was formed in Hanska which joined the Traverse des Sioux Library System.

At the end of 1985, twelve counties remained without countywide library service. Fillmore County's decision in the fall of 1986 to begin participating in Southeastern Libraries Cooperating (SELCO) will reduce the number of nonparticipating counties to 11. There were 21 libraries not affiliated with regional public library systems, but that number has been reduced to 19 with the participation of Caledonia in SELCO and Little Falls in the Great River Regional Library. These cities began participating in 1986.

The Use of Public Libraries

The use of public libraries continues to increase steadily. All available evidence suggests that more Minnesotans are using public libraries for more services than ever before.

Library circulation is only one measure of library use. It is the only measure asked in every Minnesota public library so it is the sole available indicator of public library use statewide.

Library circulation increased 5.5% over 1984. Users of Minnesota's public libraries checked out 31,264,957 items, or 7.87 items for every man, woman and child in the state. This is the highest circulation per capita in the state's history. Library circulation outside the Twin Cities metropolitan area grew by 6.4%. Substantial increases occurred in many areas of the state that are suffering economic difficulties, documenting once again the importance of public library service for people facing crises and change.

Measures of library use in addition to circulation were reported by more than 80% of the libraries. Libraries reported that 10,151,310 items were used in the building and not checked out, an increase of 17.2% over 1984. Users asked 3,733,350 reference questions, an increase of 6.4%. In addition, 1,749,425 directional questions were asked, a decrease of 13.5%.

Public Library Collections

Users of Minnesota's public libraries have access to books, magazines and newspapers, and in most public libraries users also have access to disc and tape recordings, videocassettes, 16mm and 8mm films, art prints and other audiovisual materials. Library collections continued to grow in 1985, but at a slower rate than in previous years. Overall library collections grew by 2.1%, compared to 5.9% in 1984. As 1985 ended, Minnesota's public libraries held 10,434,523 books, an increase of 2.7% over 1984, and 24,427 periodical subscriptions, an increase of 5.4%. Audiovisual items totaled 558,533, a 4.9% increase. There was a dramatic increase in the number of microcomputer software diskettes available, from 1,369 in 1984 to 2,613 in 1985, a 90% increase.

The Sharing of Library Resources

Millions of books and other materials are available to Minnesotans through interlibrary loan networks. Participating public libraries may obtain materials for their users from other public libraries within their regional systems, and in some regions from other types of libraries through their multitype library system. On a statewide basis, materials in metropolitan public libraries and libraries of Twin Cities private colleges are shared with public libraries elsewhere through the Public Library Access Network (PLANET), headquartered at the St. Paul Public Library. Materials in academic, public and some special libraries are shared under a contract for services of the Minnesota Interlibrary Telecommunications Exchange (MINITEX).

Public library interlibrary loan requests in 1985 totaled 215,663, a 15.3% increase over 1984. Of this total, 173,312 were filled, or 80% of the total. Regional systems filled 61.8%, PLANET filled 10.3%, MINITEX filled 8.2%, and other sources filled 3.4%.

Special Services of Public Libraries

Specialized services for persons having special needs are provided by some Minnesota public libraries. Literacy services are reported by 43 public libraries. Library service in institutions such as hospitals and nursing homes is provided by 147 public libraries. Corrections facilities are served by 33 public libraries. Specialized services for handicapped persons are provided by 91 libraries. Provision of books-by-mail was reported by 5 library systems in 1985; 8 systems reported offering this service in 1984. Increases in Library Rate postage costs appears to be forcing some library systems to discontinue this popular service.

Public Library Funding

Public library service in Minnesota continues to be financed primarily by county and city funds. Public library receipts in 1985 totaled $65,573,598, an 8.1% increase over 1984. County and city funds, which account for 85.7% of the total, increased 2.4%. Miscellaneous sources provided the remaining 5.6% of income, including fines and fees which provided 2.1%, gifts which provided .9%, and interest which provided .6%.

Local receipts per capita increased from $13.00 in 1984 to $14.11 in 1985. With some exceptions, local support tends to be highest for public libraries in the seven county Twin Cities metropolitan area where local support per capita averages $20.19. For the remainder of the state, average local support per capita in 1985 was $8.07.

Receipts reported are for operating purposes only, and exclude capital projects which are reported separately. Also excluded are indirect receipts or inkind contributions, the estimated dollar value of services paid by cities and counties outside the library operating budget, such as utilities and space in city-owned buildings. Often it is difficult to estimate the value of these indirect receipts. Libraries reported an estimated total of $2,466,197, more than double the amount reported in 1984.

Public Library Expenditures

Operating expenditures of Minnesota public libraries in 1985 totaled $62,122,345, a 4.7% increase over 1984. Per capita expenditures for the population served increased from $14.97 to $15.59.

Public libraries reported spending $7,245,944 for books, a 2.2% decline from 1984. Periodicals expenditures totaled $886,198, a 5.9% increase. Expenditures for audiovisual materials were $902,589, a 6.8% increase.

Expenditures for library automation were $1,702,029, an increase of 49.6%. Part of this increase may result from reporting database searching expenses in this category, rather than in the category of extended access where a very sharp decline in expenditures was reported.

Public libraries spent only $6,238 for staff development and $151,465 for continuing education. Expenditures for publicity and public relations were $196,175, a 22% increase.

Total expenditures for operation of bookmobiles were $277,509, less than one-half of one

percent of total public library operating expenditures and a 13.8% decrease from 1984. The decrease is due in part to the fact that there were two fewer bookmobiles operated, and may also be due in part to lower gasoline prices. Expenditures for building operation and maintenance, excluding insurance, equipment and furniture, totaled $3,743,371, a 3.3% decline from 1984. The lower price of energy and the benefits of energy conservation measures may explain part of this decline.

Capital expenditures increased to $7,416,651, a 244% increase. Included in this total are public library construction projects in Anoka County, Fergus Falls, Hennepin County, Hutchinson, and Northfield.

Public Library Staff

The number of full time equivalent staff in public libraries dropped from 1,903.4 in 1984 to 1,896.9 in 1985. The number of professional staff, however, increased from 356.7 to 413, particularly noteworthy are the increase of 14 professional staff reported by Hennepin County Library, 11 professional staff reported by Washington County Library, and 10 professional staff by Minneapolis Public Library and Information Center.

Arrangement and Content of Tables

The arrangement and content of tables is similar to reports in previous years. The summary table provides totals for each regional public library system and for the unaffiliated public libraries. Totals for the state are shown in this table.

Regional public library systems are reported in alphabetical order with system totals at the beginning. Data is presented for each branch of the consolidated regional public libraries and the county and city libraries. For federated regional public library systems, system totals are given first followed by data for system operations reflecting activities and services of the system headquarters. Member libraries of federated systems are reported next in alphabetical order. Bookmobiles are listed with their circulation and the total number of hours per week that they are available for public use. Circulation of books by mail programs is included in total system circulation. All per capita amounts were calculated using population data from the 1980 census. For individual libraries, per capita amounts were calculated using the population for the governmental unit primarily responsible for financing the library.

Sometimes useful comparisons can be made by size of library, population or budget. Computer printouts can be made using these characteristics and may be obtained by contacting Jan Feye-Stukas.

MINNESOTA PUBLIC LIBRARY STATISTICS, 1985 SUMMARY
